About Zonta International

Zonta International is a worldwide service organisation of executives in business and the professions working together to advance the status of women.

There are more than 33,000 members across 67 countries.

Zontians volunteer their time, talents and money to local and international projects aimed at furthering women's legal, political, economic, educational and health status.

The Zonta Club of Canberra Breakfast also proudly supports Breast Cancer Research at the Australian National University.

Women and their children can move into a refuge or hostel for a range of reasons including domestic violence and poverty. These kits will assist women moving out of a refuge or a hostel to set up home privately, where they are not in possession of basic kitchen items.

The Zonta Club of Canberra Breakfast provides up to ten kitchen packs per annum for regional refuges, and seeks contributions from the community to assist us with this project. A basic 'kitchen starter pack' is purchased from a major retail outlet, and this is given with a laundry basket, towels, and various other donated items.

Supporting Women and their children in their time of need with the basics.
